Conference Hall 2

SPEAKER

Mrs Jane Straka

Jane Straka is an experienced Nutrition Science & Medical Affairs leader with over 20 years of expertise in early-life nutrition, infant feeding, immune health, and allergy prevention. With extensive scientific and medical affairs experience at Dairy Goat Co-operative, she specializes in advancing evidence-based nutritional research and translating scientific findings into practical insights that support healthy immune development and long-term child health.

MODERATOR

Associate Professor Dr Intan Juliana Binti Abd Hamid

Associate Professor Dr. Intan Juliana Abd Hamid is a Consultant Paediatric Immunologist & Allergy, President of the Malaysian Paediatric Association (MPA), and Organising Chairperson of the 47th MPA Annual Congress 2026. She specializes in paediatric immunology, allergic diseases, and primary immunodeficiency, with a strong commitment to advancing child health and medical education in Malaysia.
